

Public Hearing Report

**Proposed Modular Diesel Power Plant
Ancillary Project**

September 2018

Isabel Ancillary Services Co. Ltd.

PUBLIC HEARING REPORT
Environmental Impact Assessment Study
Proposed Modular Diesel Power Plant Ancillary Project
Isabel Ancillary Services Co. Ltd.

The Public Hearing for the Proposed Modular Diesel Power Plant Ancillary Project (MDPPAP) of Isabel Ancillary Services Co. Ltd. (IASCL) was conducted on September 13, 2018 at the Multi-Purpose Covered Court, Brgy. Libertad, Isabel, Leyte.

Prior to the conduct of Public Hearing, the information was disseminated to encourage the participation of various stakeholder groups. Notice of Public Hearing was published in the newspaper, *BusinessMirror* on August 29 & September 5, 2018. Moreover, invitation letters for the Public Hearing were sent to the concerned project stakeholders and interested parties. Electronic copies of the Draft Final Environmental Impact Statement Report (**EISR**) and the EIS Summary for the Public (**ESP**) were also sent to the Office of the Mayor and City Planning of the host community of Barangay Libertad, Isabel, Leyte. The copy of publication, notice of public hearing and received copies invitation letters are presented in **Annex 1**.

The main objective of the Public Hearing was to present the result of the EIA Study as written in the Environmental Impact Statement Report (**EISR**) and to solicit additional inputs/concerns, if there were any from the concerned project stakeholders and interested parties.

The Public Hearing was facilitated by Engr. Carlo Vic Arida, Case Handler, from the Environmental Impact Assessment (EIA) Division of the Environmental Management Bureau (EMB) - Central Office.

The agenda for the Public Hearing started with an invocation followed by singing of the national anthem. The welcome remarks were given by Hon. Chairman Reynaldo Roche of Barangay Libertad and Hon. Mayor Ret. Gen. Saturnino M. Medina, Jr. of Isabel, Leyte and followed by the introduction of participants prior to the presentation of the EIA Process and Objectives of the Public Hearing, Project Description, Results of the EIA Study, and Ground Rules of the Public Hearing. A two-hour open forum was allotted to the participants to raise their issues, concerns and inputs to the EISR.

The overview of the EIA Study and the Objectives of Public Hearing were presented by Engr. Arida of EMB EIA - Central Office. The Ground Rules during Public Hearing were presented by Atty. John Edward Ang of EMB - Central Office. The description and benefits of the Project were presented by Mr. Opee Bernardo, representative from the Proponent, IASCL. The EIA process was discussed by Dr. Felixberto Roquia of Geosphere Technologies, Inc, while the results of the EIA Study were discussed by Engr. Leticia T. dela Cruz also of GEOSPHERE Technologies, Inc., EIA Consultant of IASCL. After the presentations, an open forum was held, which was facilitated by Atty. Ang, to solicit inputs to the EISR of the project from the stakeholders. After the open forum, the issues, comments, suggestions, inputs to the EISR were summarized by Atty. Ang. The participants were also advised to contact the EMB, Proponent and Geosphere for additional issues, concerns and inputs that they may want to raise after the Public Hearing. Engr. Arida of EMB-Central Office then informed the Public that the results of Public Hearing will be posted in the EMB Website in seven (7) days after the Public Hearing.

Public Hearing was then officially closed by the Hearing Officer at 12:30 o'clock in the afternoon.

The list of participants during the Public Hearing are presented in **Table 2** while the summary of issues/comments/suggestions that were raised during the Public Hearing is presented in **Table 3**. The transcriptions of the open forum, attendance sheets, and photos taken during Public Hearing are presented in **Annex 2**.

Table 2. Participants during the Public Hearing in Isabel, Leyte on September 13, 2018

Participants	No. of Participants
<ul style="list-style-type: none"> • EMB Public Hearing Officer, DENR-EMB Central Office • EIA Case Handler and EIA Review Committee, DENR-EMB Central Office • DENR – CENRO • DENR Region 8 • Isabel LGUs (Mayor, SB, RHU) • Brgy Libertad LGUs (Councilors, Barangay Chairman and Kagawad/Council Members) • Genuine Mahayag Farmers Association (UGMAD) and Federation of Senior Citizens Association of Isabel (FESCAI) (Officers and Members) • Concerned Residents • IASCL • DOE Representative – Visayas Field Office • IASCL • GEOSPHERE Technologies, Inc. PRESIDENT Duterte had sound reasons for trying to anchor his presidential campaign on three fronts: a war on drugs, the fight versus corruption and conversion into a federal system of government.

His aggressive implementation of the drug war was probably a recognition of the fact that the road to justice (here) is often crooked and

The war on corruption, meanwhile, was probably an offshoot of what he had observed in his 10 years as city executive about how the national and local budgets were prostituted to benefit a few government officials and their conniving private-sector collaborators. And he was likely aware of the World Bank report on the cost of corruption to the nation.

On the other hand, was probably due to Duterte's realization of an imbalanced growth: his Mindanao region accounted for only 15 percent of national wealth, while Manila gobbled 50 percent and Calabarzon some 8.7 percent.

He pointed to a bias in the allocation of government resources as the key to the imbalanced growth, and concluded federalism would prove to be The Great Equalizer.

However, recent events will bear out that targeted fiscal reforms of federalism can be achieved under the presidential form of government. The Supreme Court, in fact, had a very recent decision raising the IRA (internal revenue) to the LGUs from 40 percent to 50 percent and dividing it equally among the regions. It is up to 80 provinces and 1,222 cities, villages,

back, the same Supreme Court also can "usurp" some of the so-called "pork" of the purse enshrined with Congress in the national budget by the Executive branch, by simply declaring the PDAF (Priority Development Assistance Fund)—otherwise known as the "pork barrel" and the Development Acceleration Program)—as unconstitutional.

ality is the target of federalism, there is no legal room to amend the nuances of the Government Code to tailor-fit to the more judicious reallocation of funds for the end projects rationalized based on the developmental needs and not governed by pet projects of lawmakers and political kingpins in connivance with executive agencies—could be a good enough solution to the problem.

While pre-budget identification of pet has been discarded, a lot of maneuvering will be done post-budget approval—denaturalizing the pork barrel without

proximity to the levers of executive power is the reason NCR (National Capital Region-Calabarzon) get the bulk of the financial then the solution is to bring the agency into the heart of the regions.

proposed agency regional headquarters given enough autonomy as to make based decisions on project executions release irrelevant. If the "cash-based" as proposed by the Palace is implemented one can theoretically do away with the orthodoxy in spending compared to the method which invites "underspending". Projects approved can be spent over a period of two years. This applies more specifically to capital expenditure types rather than operating costs.

**FINEX FREE
ENTERPRISE**

than the operating budgets. Inflation and the present value of money, by the way, are two of the compelling reasons a "cash budget" type of spending is encouraged. Such reforms are possible within our current system.

Of course, it goes without saying that implementing budgeted projects "aboveboard" is a *sine qua non* so that this will redound to the betterment of the people's welfare rather than a huge chunk of it frittered away into the deep pockets of the assorted crooks within our midst. The political resolve to do that can happen in either presidential or federal forms of government.

It has little to do with the system and everything to do with political will.

The above, therefore, argues for the corner of the present presidential bicameral form of government—indicating not so much its inherent weakness but more of us not really stretching its maximum benefits in the course of our young democracy.

It is for these possibilities within the current system and the utter failure of the proposed draft of the federal form of government, especially of the fiscal side, that seven major business groups want to put the brakes on talks on federalism and echo the worried voice of the country's top economic managers from the Department of Finance and the National Economic and Development Authority (Neda).

Aside from the projected direct cost in the shift from PDI's P70-billion tag to Neda's P130 billion, the erection of 18 new bureaucracies, judiciary and legislature could mean the sharp increase in the deficit-to-GDP ratio from the present 3 percent to 6.7 percent, according to Neda.

With a country viewed as one sovereign risk, it could mean, to the credit rating agencies, a "deteriorating fiscal discipline" and might affect its *heretofore* easy view of the nation. That did mean a higher cost of leveraging and a *huff* for investors.

Already, in the simple expedient of the SCing the IRA from 40 percent to 50 percent, Budget Secretary Ben Diokno said that the 199 GAA of P3.757 trillion has already been approved. This new mandate could easily mean the increase in IRA share of 1/3 is from P573 billion

On top of that, can we really afford to scale up

To say the least, the fiscal aspect under the new draft Charter is as "clear as mud." Because of this it behooves all to "make haste

...in our rush to reach the finish line like the ubiquitous rabbit, the latter might fall from the frying pan to the fire. Pardon our mixing of metaphors.

THE Bureau of the Treasury (BTr) fully awarded P15 billion in its latest auction for Treasury bills (T-bills) on Monday, with very healthy demand coming from investors for the government security.

National Treasurer Rosalia V. de Leon said the auction committee decided to fully award the T-bills worth \$15 billion with bid rates for the security from government securities eligible dealers (GSEDs) falling within the BTR's internal estimates.

"[We did a] full auction, the rates were like 0.6 to 1 basis point higher than the previous auction, so it's aligned with the estimates of the Treasury."

The 91-day tenor received bids that were twice oversubscribed which amounted to P8.135 billion, with the auction committee awarding P4 billion in the end. The average annual rate for the security rose to 3.218 percent, higher by 15 basis points than the previous auction rate of 3.203 percent.

On the ENVIRONMENTAL IMPACT STATEMENT (EIS) for the proposed MODULAR DIESEL POWER PLANT ANCILLARY PROJECT of the ISABEL ANCILLARY SERVICES CO. LTD. (IASCL) located in BARANGAY LIBERTAD, ISABEL, LEYTE

Notice is hereby given to all parties who wish to give their opinion regarding the implementation of the proposed **MODULAR DIESEL POWER PLANT ANCILLARY PROJECT** to attend the Public Hearing to be held at **MULTI-PURPOSE COVERED COURT, BRGY. ISABEL, LEYTE** on **SEPTEMBER 13, 2018**, at **9:00 O'CLOCK IN THE MORNING**.

The Public Hearing is being conducted in connection with the review of the EIS of the aforesaid project by the Environmental Management Bureau (EMB) of the Department of Environment and Natural Resources (DENR).

The proposed project aims to provide ancillary services to the Visayas grid to help sustain the transmission capacity and energy that are essential in maintaining the power quality, reliability, and security of the grid. It will also address both frequency and voltage fluctuations brought about by the intermittent operation of the variable renewable energy power plants such as solar and wind power plants. The proposed project will have an installed capacity of 70MW allocated as follows: 40MW as regulating reserve and 30MW as contingency reserve.

All interested parties who wish to attend or participate in this Public Hearing should preferably confirm their attendance/ participation and may give their opinion(s) in a concise position paper to the **ENVIRONMENTAL IMPACT ASSESSMENT AND MANAGEMENT DIVISION (EIAMD)** of this Office or through email at eia@emb.gov.ph, at least three (3) days before the Public Hearing schedule. Those who will not be able to register or submit written positions may be given the opportunity to share their issues on the day of the hearing itself.

The project's EIS and Executive Summary for the Public (ESP) are downloadable at our website: www.eia.emb.gov.ph (kindly access the Notice of Public Hearing/ Consultation link found in our website) while hard copies will be available in this Office and in the following Offices:

1. **EMB Region VIII**
Office Address: DENR Compound, Jones St., Tacloban City, 6500, Leyte
Telephone No.: (053) 832-1088
2. **Municipal Environmental and Natural Resources Office**
Office Address: Isabel Municipal Hall, Isabel, Leyte

For more details, please contact the EIAM Division this Office at telephone numbers (02) 920-2240 to 41 and look for the project case handlers Engr. Carlo Vic Arida and Engr. Mary There Gonzales.

On the ENVIRONMENTAL IMPACT STATEMENT (EIS) for the proposed MODULAR DIESEL POWER PLANT ANCILLARY PROJECT of the ISABEL ANCILLARY PROJECT, CO. LTD. (SARCH) located in BARANGAY LIBERTAD, ISABEL, LEYTE

Notice is hereby given to all parties who wish to give their opinion regarding the implementation of the proposed MODULAR DIESEL POWER PLANT ANCILLARY PROJECT to attend the Public Hearing to be held at MULTI-PURPOSE COVERED COURT, BRGY. ISABEL, CAYCE, on SEPTEMBER 13, 2018, at 9:00 O'CLOCK in the morning.

The Public Hearing is being conducted in connection with the review of the EIS of the aforesaid project by the Environmental Management Bureau (EMB) of the Department of Environment and Natural Resources (DENR).

The proposed project aims to provide auxiliary services to the Vinçotte grid to help sustain the transmission capacity and energy that are essential in maintaining the power quality, reliability, and security of the grid. It will also address both frequency and voltage fluctuations brought about by the intermittent operation of the variable renewable energy power plants such as solar and wind over plants. The proposed project will have an installed capacity of 70MW allocated as follows: 30MW as regulating reserve and 30MW as contingency reserve.

All interested parties who wish to attend or participate in this Public Hearing should preferably submit their attendance/ participation and may give their opinion(s) in a concise position paper to the **ENVIRONMENTAL IMPACT ASSESSMENT AND MANAGEMENT DIVISION (EAMD)** of this Office or through email at env.impact@ec.gc.ca, at least three (3) days before the public hearing schedule. Those who will not be able to register or submit written positions may also have the opportunity to share their issues on the day of the hearing itself.

The project's EIS and Executive Summary for the Public (ESP) are downloadable at our website: www.eta.com.gov/ph (kindly access the Notice of Public Hearing/ Consultation link found in our website while hard copies will be available in this Office and in the following Offices:

Hon. Rene T. Morales
Barangay Kagawad
Barangay Libertad
Isabel, Leyte

Dear Hon. Morales:

We are pleased to invite you to attend the **Public Hearing** of the proposed **Modular Diesel Power Plant Ancillary Project** of the **Isabel Ancillary Services Co. Ltd. (IASCL)**. The said hearing is scheduled on **13 September 2018 (Thursday)** at **9:00 AM** (*registration starts at 8:00 AM*) and will be held in **Multi-purpose Covered Court, Brgy. Libertad, Isabel, Leyte**.

The Public Hearing will be conducted as part of the requirements of the proponent's application for an Environmental Compliance Certificate (ECC) amendment. Interested parties will be given the opportunity to express freely their concerns/support/opposition/ questions about the project.

Kindly register in person or submit your opinion(s) in a concise position paper to this Office or email it at eiamd.emb.co@gmail.com on or before 10 September 2018. Those who will not be able to register or submit written positions may be given the opportunity to share their issues on the day of the hearing itself.

Herewith is the project's Executive Summary for the Public (ESP) for your reference. The project's Environmental Performance Report and Management Plan (EPRMP) is downloadable at our website: www.eia.emb.gov.ph (*kindly access the Notice of Public Hearing/Consultation link found in our web page*). The copies of the ESP and EPRMP are available in this Office and in the following offices:

- **EMB Region VIII**
DENR Compound, Jones St., Tacloban City, 6500, Leyte
- **Municipal Planning and Development Office (MPDO)**
Isabel Municipal Hall, Isabel, Leyte

For more details, please contact the Environmental Impact Assessment and Management Division (EIAMD) of this Office at Tel. Nos. (02) 920-2240 to 41 and look for the project case handlers **Engr. Carlo Vic Arida** and **Engr. Mary Therese Gonzales**.

Sincerely yours,

ATTY. MICHAEL DRAKE P. MATIAS

OPEN FORUM

Activity PUBLIC HEARING FOR THE PROPOSED MODULAR DIESEL POWER PLANT ANCILLARY PROJECT

Date/Time September 13, 2018 / 9:00 AM

Venue Multi-Purpose Covered Court (Saturnino T. Roche "STR" Sports and Recreation Center), Brgy. Libertad, Isabel, Leyte

CONCERNS / ISSUES	NAME / AFFILIATION	RESPONSE
Saan ang organizational chart ng proponent para malaman namin kung ilan talaga ang ihire ninyo.	Mr. Danilo Centino – Concern resident of Brgy. Libertad, Isabel, Leyte	Mr. Rodolfo Bernardo, IASCL: Sa kasalukuyang organizational structure meron po tayong mga kelangan na 15 personnel kada 8 hours na shift so bale 45 personnel po for 24 hours operation. Ibigay po namin ang organizational chart kay Kap at kay Mayor. Wala po tayong foreigner na ilagay dito. Kung meron pong qualified sa mga operators at supervisor sa local galing sa Isabel yun po ang kukunin natin. Magbibigay din po tayo ng free na On the Job (OJT) training para dun sa walang experience para magkaroon po sila ng skill at makapag apply sa ibang planta.
Ano po yung schematic diagram ng planta patungkol sa connection sa grid?		Mr. Rodolfo Bernardo, IASCL: Bibigyan namin ng kopya ng diagram si Kap at Mayor Mr. Gerald Mascardo, IASCL: May 2 phase po yung connection natin. 1 st phase Interim from site directly magconnect sa 138 kV Isabel Transmission line to PASAR. Yung 2 nd phase po ay yung final connection which is to connect directly to the Isabel NGCP line. Naghahanap pa kami ng rota. We are given one year para mailipat ang interim to final connection.
Meron bang kailangan na SB resolution para maumpisahan na ang proyekto?	Hon. Allan Romero – SB Member, Isabel Municipality, Leyte	Mr. Gerald Mascardo, IASCL: Opo. Susulat po kami sa SB para sa inyong "No Objection Resolution"
Kinsay priority sa hiring para sa trabahante, ang Libertad o Isabel?	Mr. Bienvenido Castil - Concern resident of Brgy. Libertad, Isabel, Leyte	Rodolfo Bernardo, IASCL: May batas tayo. Una sa Libertad ang job posting. Pagwala makuha sa Libertad tsaka pa lang sa Isabel.

CONCERNS / ISSUES	NAME / AFFILIATION	RESPONSE
		<p>Gerald Mascardo, IASCL:</p> <p>In addition, may coordination tayo sa office ni Mayor na priority dapat ang Libertad.</p> <p>Hon. Chairman Reynaldo Roche, Barangay Libertad:</p> <p>May manpower pooling kami nakaready ditto: engineers, workers down to laborers. Ano ang kelangan nyo? Name it and we have it.</p>
Gusto namin yung sobrang power nyo ay gamitin sa Libertad, magbayad naman kami	Mr. Edgardo Sabellano - Concern resident of Brgy. Libertad, Isabel, Leyte	<p>Gerald Mascardo, IASCL:</p> <p>Mag-uusap kami ng Leyeco V. I-work out namin. As you know, diesel ang gamit namin na fuel at mas mahal kesa geothermal. Dahil ancillary kami, buong Visayas ang hati hati na nagbabayad nito. Kung kay Leyeco lang kami magsupply mas mahal ang babayaran nyo.</p>
Pwede ba mag apply ang undergrad?		<p>Gerald Mascardo, IASCL:</p> <p>Ipolish natin yung mga qualifications ng magiging part ng organization</p>
Ano ang requirement ninyo sa pH, ano sa alikabok? Ano naman ang requirement sa wastewater?	Mr. Emmanuel Roche - Concern resident of Brgy. Libertad, Isabel, Leyte	<p>Ledicia dela Cruz, GEOSPHERE:</p> <p>Gaya ng sinabi kanina walang tapon ang tubig kasi ginagamit lang eto sa cooling kaya dinadagdagan lang pag nababawasan. Yong ibang gamit ng tubig ay panglinis lang ng planta na hindi naman palagi gagawin. Yung iba ay yung gamit na sa mga toilets. May sariling wastewater treatment ang planta at lahat ng treated wastewater ay idaana sa linya ng LIDE. Ang pH ay dapat di lalampas sa 6.5-8.5 na base sa standard ng DENR.</p>
Patungkol benipisyo ng ER 1-94, sa computation ko mga P270K ang mapunta sa Libertad. Ano ang mekanismo para maavail eto?	Hon. Allan Romero – SB Member, Isabel Municipality, Leyte	<p>Gerardo Canto, DOE:</p> <p>Ang polisiya ngayon ng DOE tungkol sa ER 1-94 ay direct remittance na sa host community ang pera para pondohan ang mga proyekto na parang pag laanan nito. Included na sa Annual Work Plan ng community ang mga projects na ito. May IEC kami for Visayas next week sa</p>

CONCERNS / ISSUES	NAME / AFFILIATION	RESPONSE
		Cebu para malaman ang proceso ng pagkuha sa ER 1-94 benepisyo.

The Open Forum was summarized by Atty. Edward Ang, the Hearing Officer, and officially closed at 12:00 noon of September 13, 2018.

Prepared and Submitted by:

Rigel Pinlac
GEOSPHERE Technologies, Inc.

Public Hearing
Proposed Modular Diesel Power Plant Ancillary Project
Isabel Ancillary Services Co. Ltd.
Brgy. Libertad, Municipality of Isabel, Leyte
September 13, 2018, 9:00 A.M.

Participants at the Public Hearing

Participants at the Public Hearing

**Opening Remarks by Hon. Chairman
Reynaldo Roche of Barangay Libertad**

**Opening Remarks by Hon. Mayor Saturnino
M. Medina, Jr. of Isabel Municipality**

**Engr. Carlo Vic Arida of EMB-DENR Central
Office presents the EIA Process in Tagalog**

**Dr. Felixberto Roquia of GEOSPHERE
presents the EIA Process in Bisaya**

Public Hearing
Proposed Modular Diesel Power Plant Ancillary Project
Isabel Ancillary Services Co. Ltd.
Brgy. Libertad, Municipality of Isabel, Leyte
September 13, 2018, 9:00 A.M.

**Mr. Onofre Bernardo of IASCL
present the Project Description**

**Engr. Leticia dela Cruz of GEOSPHERE
presents the results of the EIA Study**

**Atty. Edward Ang, hearing officer of EMB, presents
the objective and house rules of the Public Hearing**

OPEN FORUM

**Mr. Danilo Centino of Brgy. Libertad
raising an issue**

**Hon. Allan Romero, SB Member,
Municipality of Isabel raising an issue**

Public Hearing
Proposed Modular Diesel Power Plant Ancillary Project
Isabel Ancillary Services Co. Ltd.
Brgy. Libertad, Municipality of Isabel, Leyte
September 13, 2018, 9:00 A.M.

Mr. Bienvenido Castil of Brgy. Libertad raising an issue

Mr. Edgardo Sabellano of Brgy. Libertad raising an issue

Mr. Emmanuel Roche of Brgy. Libertad raising an issue

Engr. Mary Therese Gonzales of EMB stating the next steps in the EIA Process

ISABEL ANCILLARY SERVICES CO. LTD.

Project : Proposed Modular Diesel Power Plant Ancillary Project
 Activity : Public Hearing
 Date : September 13, 2018 (Thursday)
 Venue : Multi-purpose Covered Court, Barangay Libertad, Isabel, Leyte
