<i>People</i>	<p>Alam nyo, ako naman po ay pro-development sapagkat ako naman ay isang inhenyero din. Kinakailangang ang bawat bagay ay umuunlad at lahat ng bagay ay umiimprove. Ang gusto ko lamang po dito sa republic cement, ang lahat ng hakbang alam ng mayor. Sapagkat marami kayong contractor ang hindi nagbabayad ng buwis at walang business permit. Alam nyong hindi ako kumukontra sa inyong hanapbuhay, itatama lang natin ang iyong assessment at pagbabayad ng tamang buwis.</p> <p>Ang pamahalaan ng Norzagaray ay may problema; 1. peace and order</p>	<p><b>Hon. Alfredo Germar</b> Mayor, Norzagaray, Bulacan</p>

EIA Module	Issues/Suggestions Raised by Stakeholder	Sector or Representative Who Raised the Issue/Suggestion	Proponent's Response
	<p>2. Pangkalusugan 3. Baha 4. Tubig 5. Basura</p> <p>So sa ngayon, ano ang problema ng ating bayan na gusto ko malaman ng republic cement.</p> <p>1. Ang Rural Health Unit (RHU2) - Kukunin na ng MWSS yung lupa na tinitirikan ng RHU, kaya ako ay humihingi ng tulong para dito.</p> <p>2. Ambulansya 3. Solar Power Street Light 4. Daycare Center 5. Assistance for PWDs and Senior Citizen 6. Concreting of path walks / barangay roads 7. Improvement of canals at mushroom area</p> <p>Ako ay humihingi ng tulong sa Barangay Minuyan at Republic Cement. Sama-sama tayong tumulong para sa mamamayan ng Norzagaray.</p>		
	<p>Hindi po kami against sa project ng expansion for the finish mill 6 ng RCBM, ano po yung assurance na may magegenerate na employment ay manggagaling sa barangay?</p>	<p style="text-align: center;"><b>Myla Tejada</b> Resident of Barangay Minuyan</p>	<p>Sagot ng Republic Cement (Proponent):</p> <p>Sa totoo lamang po, merong tayong cadetship ng mga engineers at ang trabaho sa loob ay mga local engineer's po ang nakukuha natin. So pinapriotize natin through ComRel na yung mga taga brgy minuyan po yung naka short list sa cadetship program ng mga bagong engineer, both bulacan and norgazay ay mga local graduates po.</p> <p>Kung kao po ay may mga bagong graduates, lalo na</p>

			engineering. Ang sinasabi ko po, kung wala man ngayon na opening ang mangyayari po yung mga resume po na pinapasa sa comrel ay pinapasa sa head office at nagkakaroon ng pagkakataon na Makita ng ating HR.
	Doon po sa parking, sa side papuntang extension, may dumi po ng tao. Ang tanong ko, meron po bang private na CR dyan para gamitin nila? Naoobserbahan naming na tinatabunan po nila yung lugar.	<b>Evangeline Sarmiento</b> Resident of Barangay Minuyan	Sagot ng Republic Cement (Proponent):  Mayroon po tayong tinatawag na driver's lounge. Meron na parking 1, 2 & 3, at yung drivers lounge po natin ay yung nakaposition sa 1 at isa po ay sa parking 2 at may magandang comfort room na. So ngayon lang naming narinig yang issue na yan. Maganda po mag IEC tayo at alamin namin kung bakit di nagagawa nila ng tama ang call of nature sa tamang palikuran. Well noted po yan at bigyan po naming ng kasagutan.
Health	Ang mga PWD member's po ba ay makakasure na hindi makakaapekto sakanilang kalusugan ang additional na proyekto ng RCBM.	<b>Leticia Hernandez</b> PWD President	Sagot ng Republic Cement (Proponent):  Yung approach ng RCBM ay para sa lahat. Hindi po tayo namimili ng tutulungan. Yung mga programa po ay para sa kalusugan ng bawat isa ay tiniyak naming na para po sa lahat yun, kasama na ang para sa pwd.  Pinagbubuti po natin ung livelihood, may mga programa po kami at tinitiyak po naming na ang pwds ay makasama sa programa na iyon
	Sa buwan ng December ay kumakain kami ng alikabok, at doon nanggagaling sa planta. Sa may obrero po kami. At kung maari po sana kung tag-araw at amihan ay babasain ang kalsada.	<b>Crisanta Abare</b>	Sagot ng Republic Cement (Proponent):  Noted po ito. Sa katunayan ay may road dewatering po kaming ginagawa para mabawasan ang alikabok, isasama po natin ito

			sa ating mga ginagawa.
Air	<p>Yung mga nagpapark na truck along the access road ng republic cements ay nagbubuga ng usok tapos sa bahay bumubuga.</p> <p>Ito pong mga truck na to ay kumukuha ng semento sa republic, sana naman ay wag nyong hayaan na magpark sa bahay bahay</p>	<p><b>Lillia Castillo</b> Barangay Treasurer</p>	<p>Sagot ng Republic Cement (Proponent):</p> <p>Yung mga security po natin may mga kuha ng pictures along with plate no. Ganito din po ang gawin ninyo, tulungan niyo po para maaksyunan po naming agad, kung nakita niyo po yung plate number ng truck, ireport niyo po saamin sa number ko po, Joel Rayo - ComRel 0917523167. At kami na po ang bahala lalo na doon sa acces road.</p>
	<p>Wala na bang bumubuga na abo sa planta nyo? Marami po kasi akong tanim na gulay at yun ay may mga abo. Kaya natatakot kami minsan ma ggulay. Yun lang. Nakatira ako malapit sa access road papuntang Holcim.</p>	<p><b>Lillia Laurento</b></p>	<p>Sagot ng Apercu (Consultant):</p> <p>Yung pag-aaral na ginawa namin, yung alikabok galing sa planta, dito sa side na to pumupunta (see attached map for reference) at yung bahay nyo nandito (see map for reference). Sa gilid po ba kayo ng kalsada nakatira? So malamang yung alikabok hindi galing dito sa planta, somewhere else at may planta din kasi malapit dito. Kasi sa pag-aaral, nanditong side pumupunta ang halos lahat ng alikabok. So malamang, maggagaling yung alikabok nay un sa kalsada din, kung malapit kayo sa kalasada galing sa alikabok na dumadaan na truck papunta dito.</p> <p>Sa loob ng planta, yung sinusunog nila ay sa kiln, yung pagluto ng paggawa ng clinker so gumagamit sila ng coal at ibang alternatibo na mga panggatong. Ang binubuga noon ay mga gases, kagaya ng pagsiga ninyo diba may usok? Yun ang binubuga. Yung alikabok ay nanggagaling na sa pagpapack hindi sa pagsusunog.</p>

	Sir Jeth, kung totoong below standard or pasado ang amount ng alikabok na lumalabas, eh bakit nakikita ko parin yung puti. Sir bakit maalikabok parin? Mawawala ba yun?	<b>Resident of Minuyan through Ms. Tessa Agravante</b>	<p>Sagot ng Apercu (Consultant):</p> <p>Sa air pollution, sa alikabok at kung ano ano pa sa hangin, may tinatawag tayong standard. Ang Clean Air Act standard at may numero dyan. Halimbawa sa alikabok, ang standard sa TSP ay halimbawa ay 200, yung 200 na yan ibig sabihin dapat hindi tayo lalampas dyan at kapag lumampas nan g standard makakasama na satin. Pero may alikabok parin yun, kung 150 ang results, maalikabok at makikita padin yun. So hindi ibig sabihin na kapag may nakita kang alikabok sa dahon, hindi ibig sabihin na nagexceed sa standard. At hindi din ibig sabihin na kapag nagbelow ka sa standard wala ka ng makikitang alikabok kasi hindi pwedeng zero. Walang zero sa mundo. Meron talaga at meron yan. So kaya may standard tayo at hindi tayo pwedeng lumagpas dyan. Kasi kapag lumagpas, makakasama yan sating kalusugan, mga halaman at hayop. May alikabok man po, pero hindi yan nakakasama sa ating kalusugan. So wag kayong magexpect na kapag may planta, wala kayong makitang alikabok kasi may standards tayo. May alikabok padin pero hindi yan harmful kung nakapasa sa standard.</p>
