The public scoping is an early stage in the Environmental Impact Assessment Process where the proponent aims to provide an overview of the proposed project, present proposed action, gather issues and concerns, and other relevant information to provide the scope of work and terms of reference for the preparation of Environmental Impact Statement.

All interested parties, organizations, and agencies are encouraged to provide inputs during the Public Scoping and public review periods and provide comments to bethyazon@apercu.biz, tessadecastro@apercu.biz copy furnished EMB Central Office through email at eia@emb.gov.ph.

A copy of the Project Description Report for Scoping is downloadable at our website: www.eia.emb.gov.ph (*kindly access the Notice of Online Public Scoping link found at the lower right portion of our website*).
